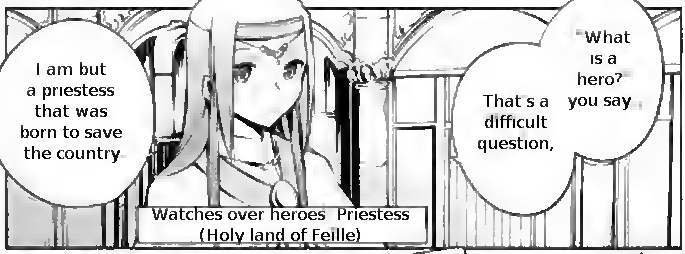
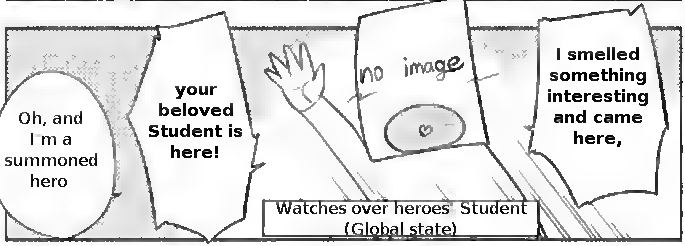
I'm not a hero. [Active heroes side]

1 Hero Hero(Axis phase Earth)
Before I get started, I'd like to ask you, what exactly is a hero?

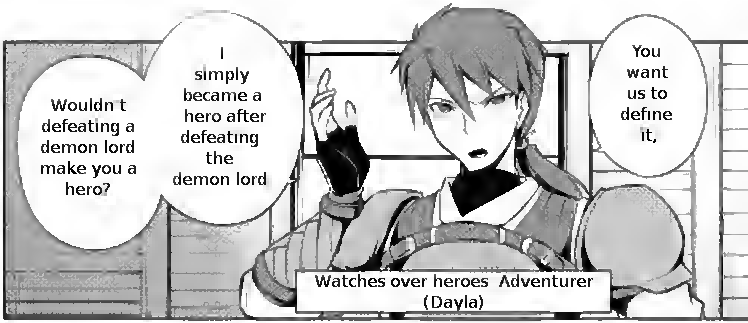
I'm wondering just what kind of hero would claim
"Even if the union recognizes I'm a hero, I'm not!",
are you being serious here?
Watches over heroes King(Alesia)



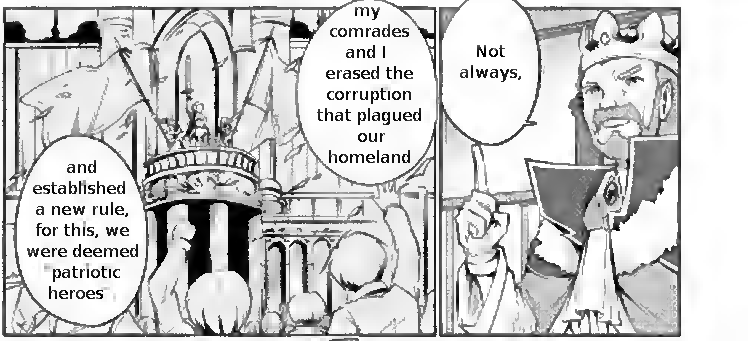
"What is a hero?" you say
That's a difficult question,
I am but a priestess that was born to save the country
Watches over heroes Priestess (Holy land of Feille)



I smelled something interesting and came here,
no image
your beloved Student is here!
Oh, and I'm a summoned hero
Watches over heroes Student (Global state)



You want us to define it,
I simply became a hero after defeating the demon lord
Wouldn't defeating a demon lord make you a hero?
Watches over heroes Adventurer (Dayla)



Not always,
my comrades and I erased the corruption that plagued our homeland
and established a new rule, for this, we were deemed patriotic heroes

A few example of heroes I can think of are
Priestess was born a hero
Student was summoned to be a hero
King earned the title of hero
Also there's the ones who are commanded by the heavens to become heroes
Watches over heroes Scholar (Space-time library)

two would-be heroes fight each other
In some worlds
and the winner is deemed to be the true hero
Well, King never dealt with a demon lord, so that's out
True
Defeating a demon lord?
Well, now we need to decide on something concrete
That might work
What about erasing the source of calamity from a world?
but as a general idea, it could work
I'd say there's plenty of arguments against that,
Is that what you mean?
defeating the demon lord also rids the world of the calamity
Perhaps,

Student...
How about that?
If you're recognized by the union, you're a hero!
I got it!
No image
You just can't come up with a hard definition for it
so if the union recognizes you and offers assistance, you must be a hero
Scholar said it, there's plenty of argument against it,
there's been cases of people not showing up in their network
The union isn't perfect,
Every argument has it's limit

Ah, yes, what about you?
By the way,
what of the hero t hat started the discussion?
So there you have it!

on this board, you're a hero!
Deny it as much as you like, if you're
Please spare us some words, oh Hero!

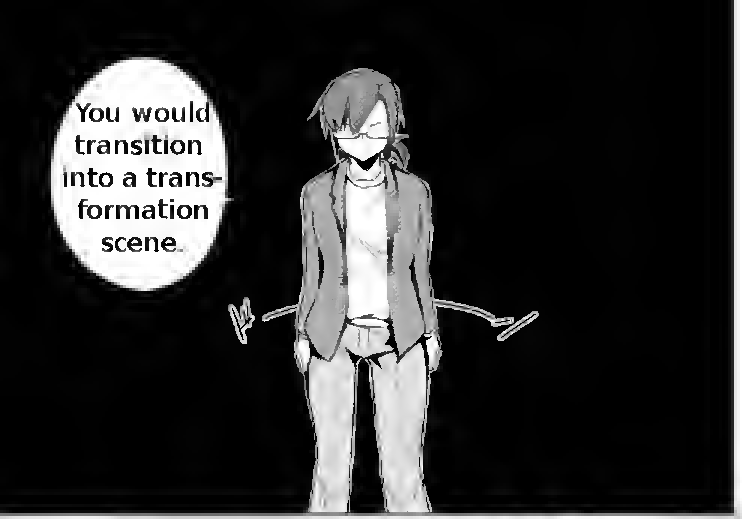
41 Watches over heroes Scholar
Is this a joke? There s no way I could do that
42 Watches over heroes Adventurer
Is that the name of a move or something? I can t yell that
43 Watches over heroes Priestess
Umm, what exactly would happen if I did yell that?
?
I don t know
who among you would want to shout that?
what any of your situations are, but



45 Watches over heroes: Adventurer

Huh?

46 Watches over heroes: King

Transformation?

47 Watches over heroes: Priestess

Scene?

48 Watches over heroes: Scholar

Uh, what is

49 Watches over heroes: Student

rly?!
Oh wow!
My sides hurt! lol

50 Watches over heroes' Adventurer
What is it, Student?

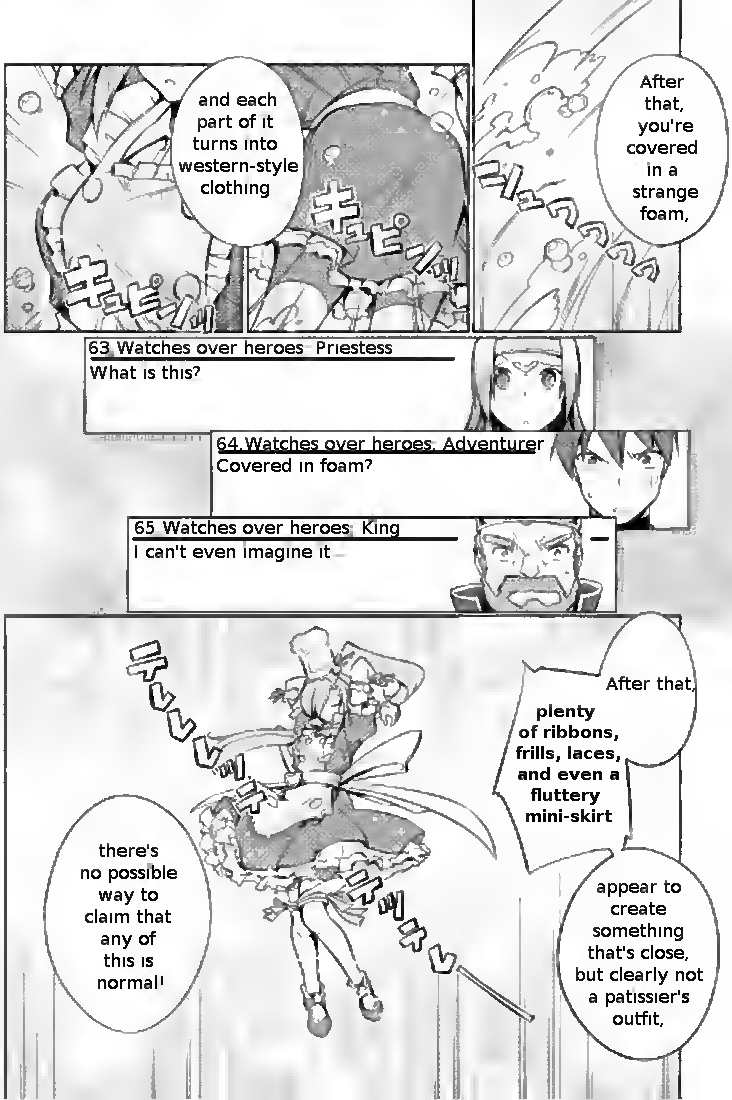
51 Watches over heroes' Priestess
Do you know something?

52 Watches over heroes' King
What s this transformation scene thing?
Scholar, do you know?

53 Watches over heroes' Scholar
Err...
Uh...

54 Watches over heroes' Student
Is there BGM?
SFX?

Oh my
Naked?!
lol
no image
Oh god, those sounds!
Naked you say?
Though you're naked, some strange effect prevents anyone from seeing your skin,
but they can still see all your curves and lines



and each part of it turns into western-style clothing
After that, you're covered in a strange foam,
63 Watches over heroes: Priestess
What is this?
64 Watches over heroes: Adventurer
Covered in foam?
65 Watches over heroes: King
I can't even imagine it
After that,
plenty of ribbons, frills, laces, and even a fluttery mini-skirt
there's no possible way to claim that any of this is normal!
appear to create something that's close, but clearly not a patissier's outfit,

"A maiden's heart is like chocolate fondue!"
And finally,
"Patissier Macaroon!"
and it's all automatic
Um...
Huh...
I didn't think they actually existed! lol
This is too good! I'm dying!
Uhh...

72 Watches over heroes Priestess
Automatic
So During that entire sequence, you have no control at all?

74 Watches over heroes Student
Hey!
You got a support character or a mascot or something?

No, none

The moment you shout Patissier Sweets Collection you're screwed

I do,

A black animal and a white one

76 Watches over heroes Adventurer
Hold on a minute here.
What are these animals?

The black one's name is "Cacao", and the white one's is "Milk".

They can even speak.

78 Watches over heroes. Student
Haha
I'm gonna leave for a minute.

79 Watches over heroes. Scholar
I just looked at some records.
Those seem to be fairies from the fairy state of Cream Kingdom.

80 Watches over heroes. Adventurer
A fairy kingdom?
Are you serious?

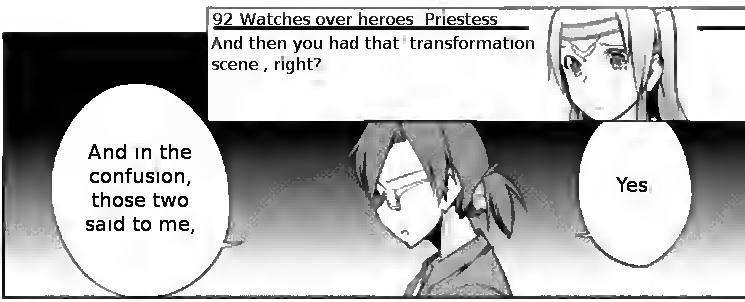
90 Watches over heroes. King
If they're fairies, don't they play pranks?
Fairies are pretty mischievous.

Hah.

92 Watches over heroes. Adventurer
Hey, what was that supposed to be?

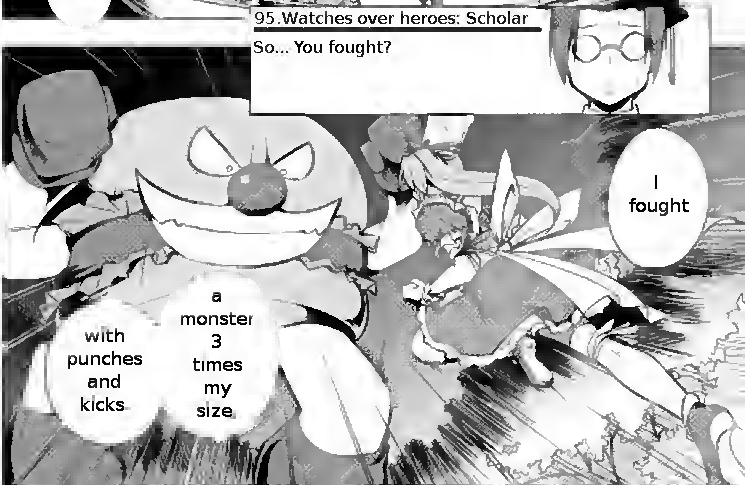
This nightmare began when
I was walking home from school one day
I ended up in a park with no people around
They were there
They noticed me and said
"She has the smell of a Patissier!"
"We've found a Patissier to defeat Junk!"
They kept going on in that annoying tone of theirs, and forced an eggbeater onto me
An
Egg
beater?

And then a massive hamburger monster appeared,
and attacked us
Sure, it was pointless fancy and glittered,
but it's still an eggbeater
In the panic, I ended up saying it
"Quick! Yell 'Patissier Sweets Collection'!"
"Patissier Sweets Collection!"



92 Watches over heroes Priestess
And then you had that transformation scene , right?
Yes
And in the confusion, those two said to me,

"
You can do it! Patissier Macaroon!
"
"
Fight! Patissier Macaroon!
"
And so...



95.Watches over heroes: Scholar
So... You fought?
I fought
a monster 3 times my size
with punches and kicks

And when the enemy was faltering, I heard them anno- encouraging me again.
"Finish him, Macaroon!"
"Get him, Macaroon!"
So then,
My body was able to move with unbelievable speed
キラリーン
"For you evil deed, I'll coat you!"
ゴゴゴゴゴゴゴゴ
"Patissier Chocolate Shower!"

The hamburger got covered in chocolate
essert!
This was also mostly automatic.

99 Watches over heroes: King

Uh...

100 Watches over heroes: Adventurer

Well...

101 Watches over heroes: Priestess

Umm...

102 Watches over heroes: Scholar

After more research, I've found there's a country called Junk Empire in the same world as Cream Kingdom.

Those fairies from Cream Kingdom gave you a hero's powers to fight off the Junk Empire's minions that are invading your world, I think.

103.Hero: Magical Girl

I don't want it!
Any of it!
Why do I have to?!
And this actually makes me a hero?!

104 Watches over heroes: Adventurer

Ah, your name...

Ah!
Huh?
105.Watches over heroes Student
I'm back.
I thought you must feel bad just being called hero , so I changed your name to suit you.
107.Hero: Magical Girl(Axis phase Earth)
No! Don't!
108.Hero: Magical Girl
I'm already 20!
I'm not a little girl!
109.Hero: Magical Girl
I'm in university already!
I'm an adult!
N o o o o o !
110.Watches over heroes: Student
Oh, but you're the very example of a magical girl.

They demand sweets for every meal,
and they became arrogant because I live alone
As if it wasn't enough, those two things moved into my place,
I want to tear them apart!
and in class they float nearby, driving me insane,
115 Watches over heroes King
How should I put it...
116 Watches over heroes Priestess
Yes...
117 Watches over heroes Adventurer
I know...
118 Watches over heroes Student
Good luck!

Aaaaaugh!

103 Hero, Magical Girl
